

# Flush Wood Medium (Arched, Rectangular, & Cape Cod) Cheat Sheet

The Flush Wood Medium has several unique features and characteristics that require special attention during installation and set-up. Refer to the owner’s manual for full details.

## **THIS INSERT IS 2020 EPA COMPLIANT**

- This insert meets the **2020 U.S. EPA cord wood emission standard**. Unlike the previous version, this model now utilizes our **Hybrid-Fyre™** design to clean up the emissions and generate additional heat. Make sure the customer is familiar with proper operation of the insert to ensure optimum performance.

## **BOTH ARCHED AND RECTANGULAR MODELS USE THE SAME PANEL**

- **This insert uses one-piece surround panels.** Arched & Rectangular units use the same panels while the Cape Cod includes its own cast panels. These panels are flat, and lay flat against the facing of the fireplace without needing trim. See the table below for sizing and part numbers.

	<u>Height</u>	<u>Width</u>
<b>Small (96100212)</b>	30-1/2"	42"
<b>Large (96100215)</b>	34"	44"
<b>Custom Panels are available</b>		

## **ASH GUARD**

The included ash guard prevents ash from exiting the door opening. It is shipped detached to prevent damage during shipping.

Install the ash guard as shown below.

Note how the horizontal tab fits in front of the door opening.
