FIREPLACEX.COM

This living room features the 3615 High Output with the Beveled Tile Trim Kit, LedgeStone Fireback, and Bronze Glass Media.

The 3615 is the smallest model in our HO (High Output) Linear lineup. This fireplace is perfect for intimate spaces like bedrooms and cozy dens. The 3615 features 33,000 BTUs and has a heating capacity of up to 1,700 square feet. This “clean face” fireplace has very little metal surrounding the glass and offers you the choice of minimal trims, along with beautiful Fyre-Art™ options. The 3615 is a Deluxe model that comes standard with a 180 CFM convection fan, Accent Lights and the GreenSmart® Remote Control.

Fyre-Art™ (Optional)

Although not required, these decorative options allow you to personalize your fireplace with a little added style.

Birch Log Set

Driftwood Log Set

Tumbled Stone Kit

Driftwood Twigs and Stones Fyre-Art™ Kit

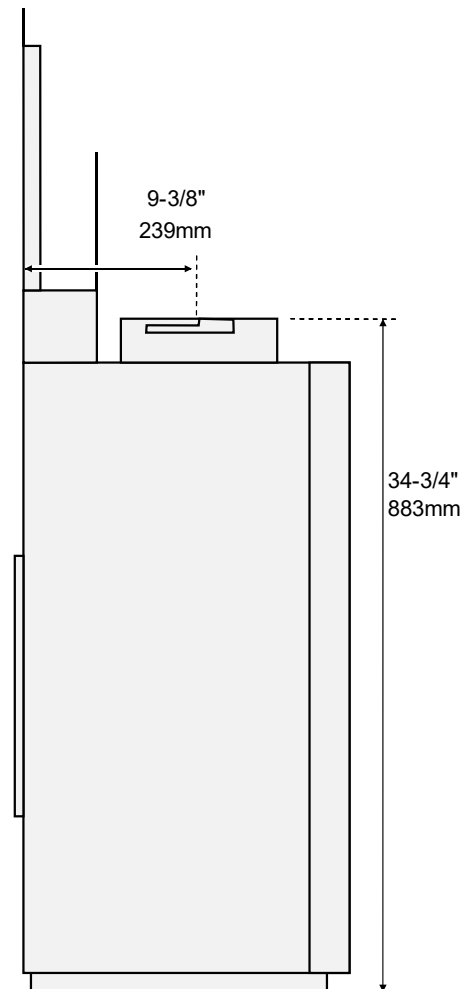

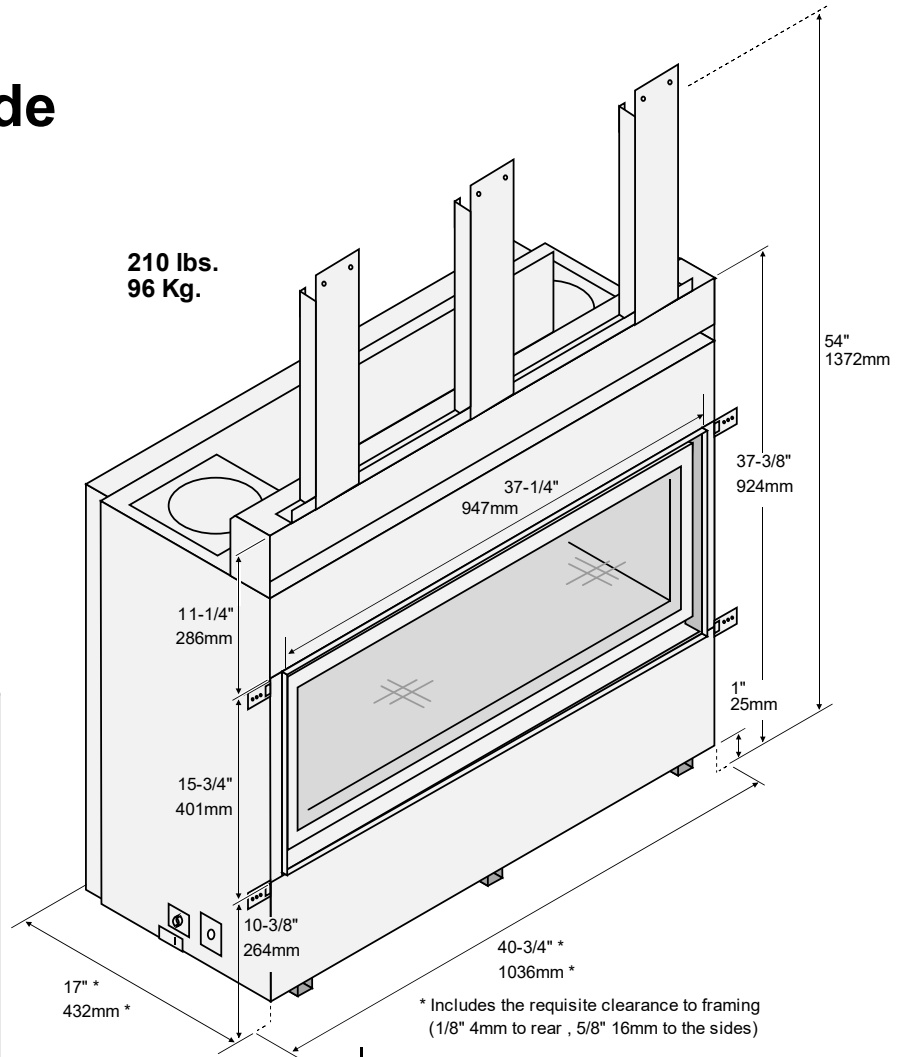

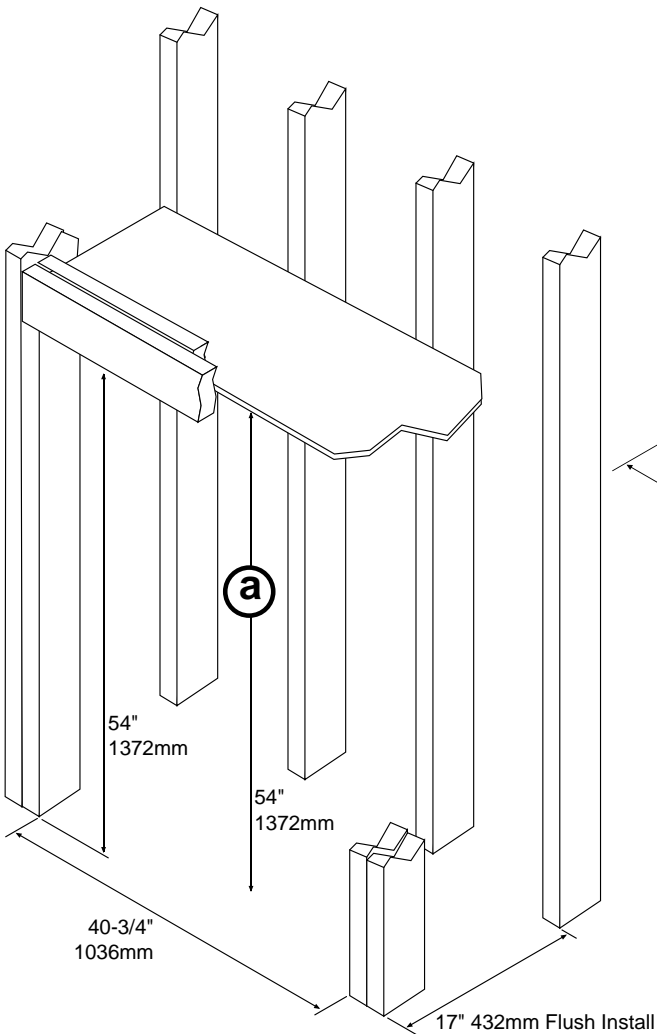

Traditional Log Set
